OTTAWA, May 15.

The names of the Caron commission will be submitted to the commons.

Tyrrell and Dowling, of the geological survey staff, have left for lake Athabasca.

A deputation of conservative members presented a petition to Abbott, on Saturday, asking for a vote of \$25,000 for a monument to the late premier. Abbott promised consideration.

The mounted police patrol, along the boundary from the Red River to the mountains, will be resumed at once. A patrol will also be put on to prevent liquor going into Athabasca Landing.

WINNIPEG, May 15.

Eight men were killed in the Anaconda mine at Butte, Montana, on Saturday.

F. C. Pillburys, the greatest mill owner in the world, died at Minneapolis, of diphtheria, aged 38.

Cold and wet weather has caused a loss of millions to farmers in the Northwestern States. It is estimated that not over 60 per cent of last year's acreage will be seeded in North Dakota.

Ex-attorney-general Martin says he will not contest Portage la Prairie at the coming provincial elections. It is stated that a constituency and a seat in the government will be offered Watson, M. P. for Marquette.

A levee on the opposite side of the Mississippi from St. Louis, Missouri, broke yesterday. Forty thousand acres of farming lands were submerged, and hundreds of people driven from their homes. Some lives were lost.

YOUNG GLEANER,

The celebrated Clydesdale Stallion Will make the following weekly round this season: Poplar lake, Monday and Tuesday, St. Albert, Wednesday, Stony Plain, at J. McPherson's Thursday. Return through the Indian Reserve Friday. Edmonton on Saturday. Particulars as to stands shortly. DESCRIPTION.—Young Gleaner was foaled in May 1889, is of black color, white strip on face, was bred by Robert Begg, Esq., Bruce County, Ont. For symmetry and action the Young Gleaner cannot be surpassed, having won prizes wherever shown. By reference to stud book it will be seen that the Young Gleaner comes from the best strains of Clydesdale stock in Scotland. PEDIGREE.—Bred by "Gleaner," No. 3,656. Grand sire "Lord Lyon," No. 489, Vol. I. Dam "Ospray," No. 5,549, Vol. 2, she by "Dorley," No. 222, Vol. I. TERMS.—\$8 and \$12. W. A. BEGG, Proprietor and Groom.

LUCKY BARRISTER.

Sire "Barrister." (Without dispute.) This fine well bred Stallion will make the Season of 1892 as follows: Every Wednesday and Saturday, at M. McCauley's Livery and Feed Stables, Edmonton; returning home each night to his own stable, South Edmonton. Leaving his own stable, South Edmonton, every other Monday for Fort Saskatchewan by way of south side; returning by way of Sturgeon to Edmonton by Wednesday. TERMS.—Single service, \$7; Season \$10; \$4 down at first service, balance on last trip. Warrant, \$12; \$5 at time of service, balance when mare proves in foal. Five mares insured for \$10 each. Mares not proving in foal may return next year free. All mares changing hands considered in foal. All mares served at owners risk. PEDIGREE.—Sired by the far famed Barrister, (imported) which needs no description, and sold at auction, in Charlottetown, for \$2,200. 1st dam by the Wallace horse (Clydesdale). 2nd dam by Clyde, imported from Scotland. 3rd dam by the celebrated McGrath horse (Clydesdale). 4th dam, Canadian bred. Thus, it will be seen at a glance that Lucky Barrister is about fifteen-sixteenths pure Clydesdale bred. Weighs 1,650 stands 16 hands 2 inches high, as active as a standard bred trotter, and as nice styled as any horse in this country. Docile and kind. Free from vice and blemish, and is just the horse for this country. In color, he is a bright bay with the characteristic marks of the Clyde, three white feet and a small strip in the face, black mane and tail. He has taken more prizes on Prince Edward Island than any horse of his age in his class, and his stock which is only one year old is as near perfect as can be. P. S.—Farmers! This is the best horse in the country, therefore he is the right one to breed to. You can raise a big horse every time. Life is too short for farmers to raise trotters. Any further information will be gladly given by

LOCAL

The Indian department advises that the proclamation of January 27th, 1891, prohibiting the sale gift or other disposal to Indians in the Northwest of any fixed ammunition or full cartridge has ceased to apply to that part of the Territories north of the height of land between the Saskatchewan and Athabasca rivers; north of the Beaver river, from its source to Green lake; north of the 14th base line, from a point due south of Green lake, to range 13, west of the 2nd meridian; and north of the 12th correction line from range 13, west of the 2nd meridian to the shore of lake Winnipeg.

The Roman Catholic church is preparing to build a small steamboat for service on lake Athabasca, which will run from the foot of the rapids at Fort McMurray on the Athabasca to the head of the rapids on Great Slave river, and also up Peace river to the falls below Vermilion. The machinery is now on the way to Athabasca Landing. The boiler weighs 3,600 pounds. This will make four steamers plying on the waters of the Mackenzie, and is rendered necessary by the large amount of supplies required annually by the numerous Roman Catholic missions scattered throughout the Mackenzie basin.

Calgary Herald: "The report that the C. P. R. have purchased the Galt railway keeps steadily to the front, but details are lacking. Another report is the C. P. R. will build from Macleod to Lethbridge, under the C. & F. charter. This, too, needs confirmation. Still another, with more facts to back it—is that work on the southern extension of the C. & E. will not be resumed until late in the summer, and that when the contractors resume they will bring an outfit sufficient to build into the Crow's Nest Pass for the C. P. R."

WM. MATHESON has been engaged as foreman by the board of works of the town council to superintend the street improvements about to be undertaken in town. Mr. Matheson is an old railway contractor and understands thoroughly the business for which he has been engaged.

MAIL SERVICE.

The early establishment of mail facilities is one of the most active aids to the settlement of a new country. This aid has not been lacking in this part of the Northwest in the past, nor is it at this point at present. But with influx of population and increase of trade consequent upon the construction of the railway, the need of improved mail facilities at outlying points has become most pressing, if these facilities are to keep pace with the progress of the country; if indeed the lack of them is not to be a par to progress. The recent establishment of a post-office with a weekly mail service in the important Sturgeon settlement is a step in the right direction that has only been taken after the most persistent pressure, and after hope of success had often been abandoned. Even now the method of service is such as to detract very seriously from the usefulness of the office. Instead of the mail being carried direct from Edmonton, twelve miles, on the arrival of the trains, it is carried first to St. Albert, nine miles, and then after lying over night goes on nine miles more to the Sturgeon office, only three miles less distance than would give a direct service from Edmonton. There may be a saving to the department in hauling the Sturgeon mail only nine miles instead of giving the direct service of twelve; but when this saving is made at such a loss of efficiency in the service it ceases to be a saving and becomes an actual loss.

Within the year there has arisen the necessity for a mail service to a post office on the Stony Plain, the most important settlement west of Edmonton. There are now in that settlement not less than 50 resident heads of families, who are from 15 to 25 miles from Edmonton, which is their nearest post office. To the west of the Stony Plain there are two saw mills, employing a large number of hands all the year round, and these also have to bring their mail from Edmonton. To merely state the facts is to prove the necessity of a post office on the Stony Plain with at least a weekly service.

The new settlement in the Beaver Hills, only a little off the present mail route between Clover Bar and Fort Saskatchewan, could be served so cheaply that there is no reason why the movement now being made for a post office should not be successful.

Beaver lake settlement, by reason of its present importance and prospects of rapid increase, is certainly entitled to something better than the monthly service offered by the government. A new settlement has recently been established on the mail route between Fort Saskatchewan and Victoria at a point about twenty miles distant from Beaver lake. An office there and a branch service to Beaver lake would cost but little, especially in comparison with the effect in aiding the development of an immense area of most desirable country. An increase of the service to Victoria from fortnightly to weekly with the same to Beaver lake, is certainly more than warranted.

Beyond Victoria there are three important points, of large standing, that have never yet been granted a mail service. These are Saddle

lake, 35 miles beyond Victoria, Whitefish lake, 30 miles beyond Saddle lake, and Lac la Biche, 50 miles beyond Whitefish lake. At Saddle lake is the Indian agency for the district and two missions, while beyond there is a most magnificent country for farming and stock raising. Saddle lake is also an important point for trade. At Whitefish lake there is a large civilized Indian settlement, a methodist mission and government instruction farm. At Lac la Biche there is a large halfbreed settlement, and a very important Roman Catholic mission establishment, including an orphanage, school, hospital, etc. Lac la Biche is the most important fur trading point in the district. A mail service to Saddle lake and Whitefish lake would greatly facilitate the working of the Indian department, and would only shift the cost from the Indian to the postoffice department, while the public would incidentally receive benefit by the change. As the Indian department is compelled to carry its own mail from Victoria now. The important interests being and centering at Lac la Biche warranted the establishment of a post-office there long ago, and it is to be hoped that no time will now be lost in extending the mail service to that point.

As a rule it is useless to say anything about prices in an advertisement as each claims to sell cheaper than his neighbor and such statements are usually taken for what they are worth.

But as regards any of the above lines I intend to excel for this season any way, and a comparison of goods and prices will certainly convince the most skeptical that

there has been a revolution in prices.

PRICES HAVE COME DOWN.

JOHN A. McDUGALL

A ROLLER MILL.

The Ritchie & Ovesman joint stock company, of Allan's Mills, Ont., have completed arrangements for the erection of a flouring mill near the railway station. The building will be four stories high, of frame with stone foundation, roof of tin and walls sheeted with painted iron. The milling machinery will be of the latest improved roller process, with a capacity of 100 barrels a day, which will be increased as soon as enough wheat is grown in the district to warrant it. The driving machinery will be of sufficient capacity to run a 200 barrel mill. The building is to be commenced at once and will be completed by November 1st, 1892. This enterprise will replace the project of Messrs. Ross, Mann, Holt, McKenzie and Nanton, spoken of during the winter, as the new company is composed of practical men of ample means, who will personally superintend their business. Mr. R. Ritchie, of J. & R. Ritchie, mill owners and general merchants of Allan's Mills and Wemyss, county of Lanark, Ont., who visited Edmonton, in company with a party of Dakota prospectors last fall, and returned again this spring for a short time, is the leading man in the enterprise, so that action is being taken with a full knowledge of the facts. It certainly speaks well for the Edmonton district, that men are ready to invest largely in such important productive enterprises at this early stage in our railway history without bonus or other inducement; but the advantages offered by the productiveness of the district and its favorable situation regarding an export market.

THE PARRY SOUND COLONY.

We, the undersigned members of the Parry Sound Colony, beg to express our gratitude to the Canada Pacific Railway Company for the consideration shown us while en route to Edmonton as well as for the use of coaches for five days after our arrival; and for the services of Mr. Dowker in assisting to find homesteads for us.

We take pleasure in testifying that this district is all that it has been represented to us, and we feel assured that we will never regret the step we have taken.

The Canadian Agricultural Company have for sale the following Clydesdale Stallions:

PRIME MINISTER, by Salisbury (3161) out of Jess of Moorhall (5060).

BOLD DOUGLASS, by warrior Prince (4776) out of Bramble (5708).

MERRYTHOUGHT, by Star and Garter (2432) out of Jess of Boughouse (5807).

The above horses are rising six, are all successful stock getters, and are for sale only on account of the company being able to spare them through further concentration in their breeding arrangements.

In addition to the above stallions the Company can spare a number of heavy Eastern brood mares, all warranted good workers and all served by Pedigree Clyde Stallions. These are for sale to make room for young stock coming on to take their place.

A CRICKET match was played at Edmonton, on Saturday, between teams from the Edmonton and Fort Saskatchewan clubs. Score—Edmonton, 152; Fort Saskatchewan, 83. Score next issue.

DAVID ARNOT, M.A., of Edinburgh, Scotland, arrived on Thursday of last week to assist Rev. D. G. McQueen in the work of the Presbyterian church in this district. Mr. Arnot preached in the Presbyterian church, Edmonton, yesterday evening.

ARCHBISHOP TACHE of St. Boniface, and Archbishop Duhamel, of Ottawa, Bishop Lalleche, Three Rivers, Bishop Grouard, Athabaska, Bishop Macdonald of Alexandria, Ont., and Bishop Dowling, of Peterborough, Ont., will visit Edmonton while making a tour of the Northwest and British Columbia.

The Indian department is advertising for tenders to be received up to Wednesday, June 8th, for the Indian beef required up to June 30th, 1893. Particulars and forms may be obtained at the agency offices. The approximate quantities in this region are: Edmonton, 24,636 lbs.; Saddle Lake, 15,000 lbs. Apparently Peace Hills agency does not require any beef as none is asked for that agency.

JAMES BIRD, a resident of East Edmonton, died on Friday last after a short illness. He had been in failing health for some years. He leaves a wife and large family, mostly grown up. He was buried in the Edmonton cemetery on Sunday. The funeral service was held in All Saints' Church, by Rev. C. Cunningham. Deceased was a member of the Bird family of Red River, and came to Edmonton from British Columbia about six years ago.

THOMAS CASSELL, of East Edmonton, died on Sunday morning after a long illness, resulting from an accident which occurred some months ago. Deceased was the father of Mrs. E. Lyons and stepfather of Messrs. Robert and James McKernan, of Edmonton. He came to Edmonton about nine years ago, and was 73 years of age at the time of his death. Mrs. Cassels survives him. The funeral will take place tomorrow to the Edmonton cemetery, leaving the late residence of the deceased, East Edmonton, at 11 a.m. The funeral service will be held in All Saints' church about 1 p.m.

THOMAS BIRD, of Macleod, and his father, James Bird, arrived from Egg Lake, east of Saddle Lake last week on a visit to Wm. Bird, of Edmonton. James Bird is better known as "Jimmy Jock," is a native of Red River; who has lived nearly all his life with the Blackfoot Indians, and is now nearly 100 years of age. His father was an officer in the H. B. Co. service, and Dr. Bird, of Winnipeg, now deceased was his half brother. He is a man of good education and address and was interpreter for the Hudson's Bay Company for many years, but afterwards lived not only amongst the Indians, but became as one of them. He was interpreter for lieutenant-governor Laird at the making of the treaty with the Blackfoot in 1877. He has been stone blind for many years.

The work of grading Jasper avenue was begun this morning, at block 2, H. B. property, to be continued eastward through the business part of the town. The work is under the supervision of the board of works committee of the town council, consisting of Messrs. Strang, Daly and Fraser. W. D. Matheson has been engaged as foreman at \$3.50 a day. He employs teams and laborers, the former at \$3.50 a day and the latter at \$2, board not included. Six teams were on this morning, and the number will be increased as circumstances warrant. Besides the operations undertaken on Jasper avenue or Main street, it is intended to grade Fraser and Namsay avenues as well. The expense is to be defrayed by a frontage tax on the property fronting on the streets being improved.
